## **Industrial Source, LPM Systems, and National Extinguisher Services Open New Tigard Location!**

**Tigard, OR, 3.1.2026 — *Industrial Source, National Extinguisher Service, and LPM Systems*— locally owned and operated companies under common ownership—are pleased to announce the opening of a new Tigard-area facility located at 13240 SW Wall Street, Tigard, OR 97223.**

The new facility expands the group's presence in Southwest Portland and enhances their ability to serve customers throughout the region with improved logistics, operational efficiency, and continued commitment to local service.

This facility will support packaging solutions, industrial gases, welding supplies, safety equipment, and fire protection services — allowing customers to benefit from a broader range of products and services backed by local inventory and experienced teams, from right here in Portland.

The new facility reinforces each independently owned company's long-term commitment to the Pacific Northwest and reflects continued investment in infrastructure, people, and customer service in the Portland market.

For more information about products and services at this new location, please call us at **503-684-5679** or visit us at **[www.industrialsource.com](http://www.industrialsource.com)**
